

## Reception Handwriting

Your child has been practising writing sentences in class making sure there is a capital letter at the beginning, they are using finger spaces to separate the words and a full stop at the end of their sentence. Please get your child to practise writing the following sentences neatly in their homework books making sure they are writing on the line and their letters are formed correctly.

1. It is winter.

2. I have to put on my hat.

3. A big red bus.

(Once your child has finished writing their sentences, can they circle any 'tricky words' they can recognise which they have learnt in class)
