Thursday 4th March 2021

Halving numbers:

Halving means to split things into two equal amounts. Half each number shown and draw that many spots on the wing of each ladybird. The first one has been done for you.

Halving diagrams

Use cubes to find the halves of the amounts below. Remember to divide them into two groups.

Half of 4 is

Half of 14 is

Friday 5th March 2021

Who's ready for some challenge today?

Doubling and Halving

★★

5. Yesterday Jane made 5 cupcakes. She made double the amount today. **How many cupcakes did Jane make today?**

Doubling and Halving

★★

8. There were 8 apples in the fruit bowl, but now there is double. **How many apples are there now?**

Doubling and Halving

★★

20. Rachel got 10 out of 10 on her test. Abi got half as much as Rachel. **How many did Abi get wrong?**

Doubling and Halving

★★

25. There were 6 cars in a car park. Half of them were driven home. **How many cars were left in the car park?**
