

KS1 Maths homework for the week beginning: 26th April 2021

Year 1: Draw and write the following addition & subtraction combinations in your red homework book.

Subtraction – Breaking Apart

1. Match the calculations to the correct answers.

A.  B.  C. 

6 4 3

0 1 2 3 4 5 6 7 8 9 10

2. Fill in the missing numbers to make the calculations correct.

A. 7 - = 6
B. 7 - = 1

0 1 2 3 4 5 6 7 8 9 10

3. A pet shop has 6 fish for sale. On Monday they sell 1 fish.
Ted says,

 I can write the number sentence $6 - 1 = 4$ to show how many fish are left.

0 1 2 3 4 5 6 7 8 9 10

Is he correct? Explain how you know.

Subtraction – Breaking Apart

4. Match the calculations to the correct answers.

A.  B.  C. 

1 7 4

5. Fill in the missing numbers to make the calculations correct.

A. 9 - = 6
B. 9 - = 3

6. A pet shop has 6 fish for sale. On Monday they sell 2 fish.
Sally says,

 I can write the number sentence $6 - 2 = 3$ to show how many fish are left.

Is she correct? Explain how you know.

Subtraction – Breaking Apart

7. Match the calculations to the correct answers.

A. $9 - 3 - 2 =$ B. $8 - 5 - 1 =$ C. $10 - 2 - 3 =$

five two four

8. Fill in the missing numbers to make the calculations correct.

A. 8 - = 6
B. - 6 = 2
C. 6 = - 2
D. 2 = 8 -

9. A pet shop has 9 fish for sale. On Monday they sell two fish and on Tuesday they sell four fish.
Emma says,

 I can write the number sentence $9 - 4 - 2 = 3$ to show how many fish are left.

Is she correct? Explain how you know.

Answers to help you check your answers

Subtraction – Breaking Apart

Developing

- A = 3, B = 6, C = 4
- A = 1, B = 6
- He is incorrect because $6 - 1 = 5$.

Expected

- A = 4, B = 1, C = 7
- A = 3, B = 6
- She is incorrect because $6 - 2 = 4$.

Greater Depth

- A = four, B = two, C = five
- A = 2, B = 8, C = 8, D = 6
- She is correct because $9 - 4 = 5$ and $5 - 2 = 3$.

Year 2: Draw and write the following addition & subtraction combinations in your red homework book.

Subtract with 2 Digits 2

1. Use the chart below to find the difference between 74 and 26 by drawing any missing Base 10 and using it to work out the answer.

T	O
-	

[]

2. Match the subtractions to the correct answers below.

1.

T	O
-	

2.

T	O
-	

3.

T	O
-	

A. 29

B. 20

C. 52

D. 68

3. Circle the odd one out from the place value charts shown below.

A.

T	O
-	

B.

T	O
-	

C.

T	O
-	

Explain the reason for your choice.

Subtract with 2 Digits 2

4. Use the chart below to find the difference between 53 and 17 by drawing any missing counters and using them to work out the answer.

T	O
-	

[]

5. Match the subtractions to the correct answers below.

1.

T	O
-	

2.

6	1
-	3 5

3.

T	O
-	

A. 34

B. 36

C. 26

D. 31

6. Circle the odd one out from the calculations shown below.

A.

4	1
-	2 7

B.

T	O
-	

C.

T	O
-	

Explain the reason for your choice.

Subtract with 2 Digits 2

7. Fill in the missing numbers so that the part whole model shows the calculation ninety-three subtract thirty-nine.

8. Match the subtractions to the correct answers below.

1.

73	
forty-five	?

2.

6	5
-	2 6

3.

87 - 39 =

A. 39

B. 34

C. 28

D. 48

9. Circle the odd one out from the representations shown below.

A.

7	2
-	5 8

B.

C.

38 - twenty-two = ?

Explain the reason for your choice.

Answers to help you check your work

Homework/Extension
Subtract with 2 Digits 2

Developing

1. $74 - 26 = 48$; children should have drawn 1 ten and 3 ones in the second row.
2. 1 = B; 2 = A; 3 = D
3. C is the odd one out because $72 - 46 = 26$ whereas both subtractions A and B equal 19.

Expected

4. $53 - 17 = 36$; children should have drawn 1 ten and 3 ones in the second row.
5. 1 = D; 2 = B and 3 = C
6. A is the odd one out because $55 - 27 = 28$ whereas both subtractions B and C equal 24.

Greater Depth

7. $93 - 39 = 54$; children should have written 93 in the whole and in the parts below they should have written 39 and 54.
8. 1 = C; 2 = A; 3 = D
9. A is the odd one out because $72 - 58 = 14$ whereas both subtractions B and C equal 16.
