Percentages

Islamic Links

This half-term, children will making Islamic links to all the subjects they are taught and gain an insight of Islamic opinions, sayings and actions related to these topics:

For example; What does Islam say about healthy eating?

Islam emphasises moderation - not too much and not too little - in every aspect of life. The second half of verse 31 of Surah Al-A'raf states, "Eat and drink, but be not excessive. The Prophet (SAW) said that two persons' food is enough for three, and three persons' food is enough for four. Therefore, we should eat less.

PSHE

This half-term, children will be learning about making decisions:

Understanding the purpose of life

Pillars of Islam, Iman & Ihsan

Identify your intention behind actions

Islamic links: Islam teaches us to be aware of our actions, intentions and how we treat others. Our prophet SAAWS said "The parable of the believers in their affection, mercy, and compassion for each other is that of a body. When any limb aches, the whole body reacts with sleeplessness and fever."

Science

In science we will be learning about **Healthy Bodies**.

We will be able to:

Find out how scientific ideas about food and diet were tested in the past and how this has contributed to our knowledge of a balanced diet.
