

Pack Your Evacuee Suitcase

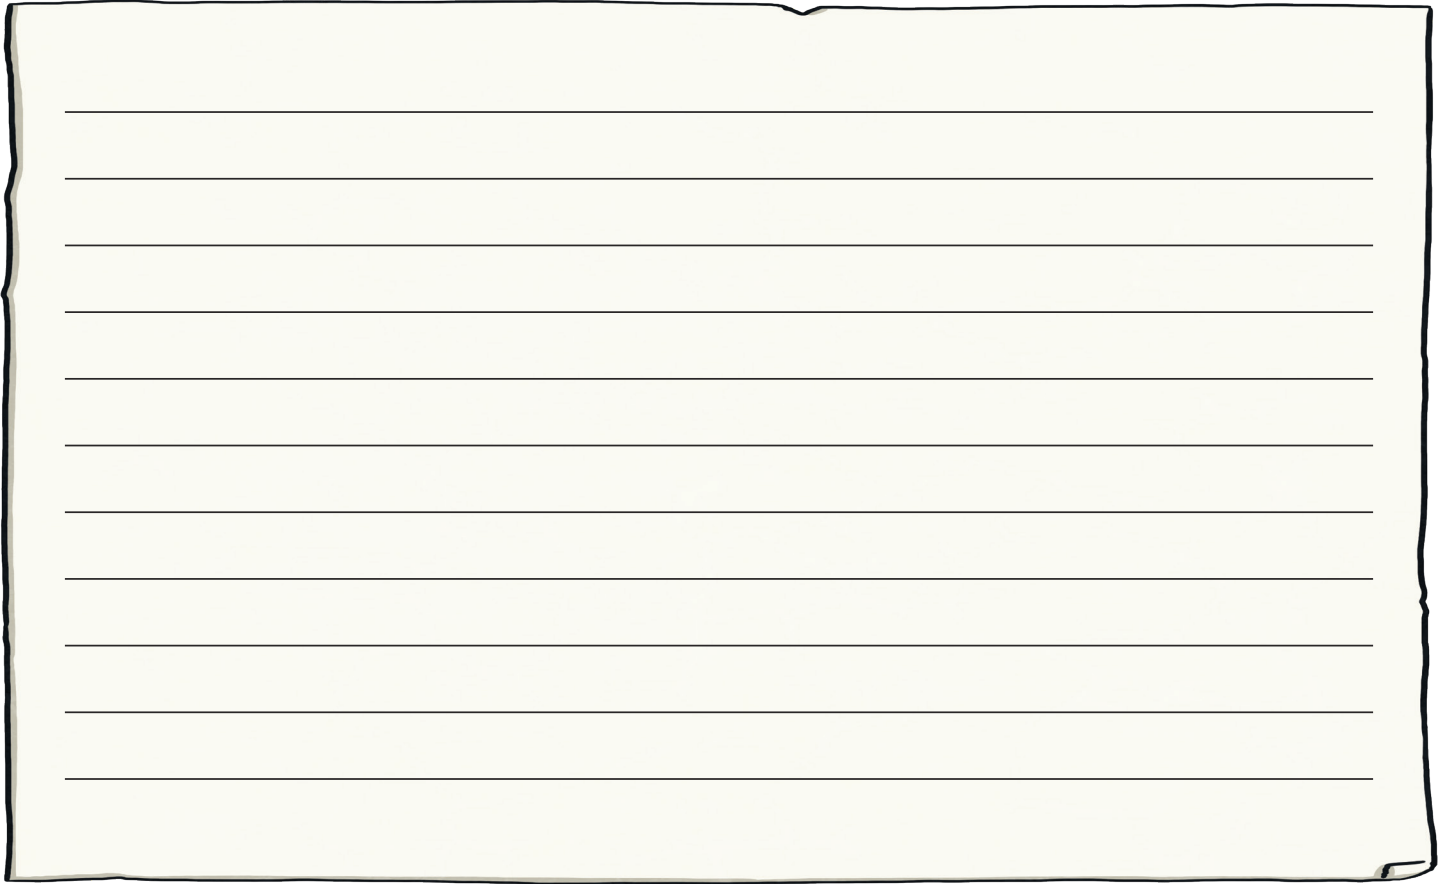

Find out about some of the items that evacuees would have taken with them when they left the cities during the Second World War.

Imagine it is the summer of 1940 and you are being evacuated from Belfast. Draw some of the items you will pack and write about why you have put them in the suitcase. Remember, you have limited space and it is 1940 (so no modern gadgets or toys).

Writing Task:

What have you put in your suitcase and why?

A large, hand-drawn rectangular box with a black outline and a light beige background, containing ten horizontal lines for writing.
