

M a t h s

Year one will be focusing on making arrays, please complete the following, as this will help you in the upcoming week.

Arrays are pictures that help us see numbers in rows and columns. Write the rows and columns, the repeated addition and a multiplication number sentences for each array.

3 rows of 2 cars.

$2 + 2 + 2 = \underline{\hspace{2cm}}$ cars.

$3 \times 2 = \underline{\hspace{2cm}}$ cars.

$\underline{\hspace{2cm}}$ rows of $\underline{\hspace{2cm}}$ chocolates.

$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$

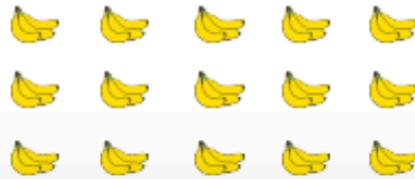

$\underline{\hspace{2cm}}$ chocolates.

$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$ chocolates.

$\underline{\hspace{2cm}}$ rows of $\underline{\hspace{2cm}}$ bananas.

$\underline{\hspace{2cm}} + \underline{\hspace{2cm}} + \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$ bananas.

$\underline{\hspace{2cm}} \times \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$ bananas.

3. Samir and Iyla are writing number sentences for this array.

$$8 + 2 = 16$$

Samir

$$8 + 8 = 16$$

Iyla

Who do you agree with? Why?
