

Poem of your Week.

Write a seven-stanza poem, which describes how this past week went for you, what did you enjoy, what did you learn, who you interacted with at school, how you worked together in class and during playtime, what was your favourite lunch, how did you feel as you went through each day.

Include the weekend, (so you may need to finish the poem on Sunday/Monday), describe how even during the weekend you learn new skills, you apply your knowledge, you enjoy time with people around you **and how much you look forward to attending school on Monday mornings!**

Remember, when talking about home & family be careful not to share any private information.

Use the following in your poem, apply all the skills you've learnt over Summer 1 half term and be creative, entertaining, and informative:

- **Adjectives**
- **Verbs**
- **Nouns**
- **Metaphor**
- **Synonyms**

You will be performing your poems in class next week, so remember to practise presenting them with confidence, clarity, and expressions!
