

## Year 1 – Maths Homework

To help you understand what we have been learning this week I would like you to complete the following questions into your homework book.

I would also like you to spend some time reading with an adult at home and to write this down in the reading record tracking sheet in the front of your homework book.

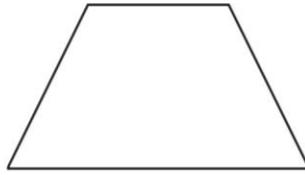

Remember homework is due in on **WEDNESDAY 16<sup>th</sup> NOVEMBER.**

## Name the 2D Shape

You can draw the matching shape in your books instead of colouring them.

## Shape Detectives Matching Shapes

Can you become a shape detective? Look carefully at the shapes. Colour the shape that matches the one at the top of each box.

Colour the matching shape.

A square shape is positioned at the top center of the box. Below it, there are three shapes: a circle on the left, a square in the middle, and a right-angled triangle on the right.

Colour the matching shape.

A circle shape is positioned at the top center of the box. Below it, there are three shapes: a horizontal rectangle on the left, a triangle in the middle, and a circle on the right.

Colour the matching shape.

An upright triangle is positioned at the top center of the box. Below it, there are three shapes: an upright triangle on the left, an inverted triangle in the middle, and a right-angled triangle on the right.

Colour the matching shape.

A horizontal rectangle is positioned at the top center of the box. Below it, there are three shapes: a vertical rectangle on the left, a horizontal rectangle in the middle, and a slanted rectangle on the right.

Which shapes can you see in this shape picture of a house?  
Colour the matching shapes.

A house shape is on the left, composed of a triangle for the roof, a rectangle for the main body, and a smaller rectangle for a door. To the right of the house are several individual shapes: a horizontal rectangle, a triangle, a small square, a large diamond, a slanted rectangle, a right-angled triangle, and a circle.

## 2D Shape Repeating Patterns

Can you complete the patterns? How many sides can you see?
