

Next week is maths week and we have two exciting competitions for you to enter.

Design a Maths Hat

We would like you to design a maths hat. This could be anything to do with maths such as numbers, times table, telling the time or shapes. Be as creative as you want with your designs. They can be long, short, round or any shape you want. Look at the pictures below for some ideas. The best design will win a prize!

Design a Maths Poster

We would also like you to design a maths poster with information about your favourite maths area. Make your posters bright and colourful with all your favourite things on such as times tables, time, shapes, addition and subtraction facts, division, or any other area you can think of.

Look at the pictures below for some ideas.

Have fun!
