

Science Holiday Project

Next term we will be learning about different animals and what groups they belong to. Over the holidays I would you to do one of the two projects below and to bring your work on **WEDNESDAY 4TH JANUARY 2023.**

Use your imagination and have fun!

Make your own animal

I would like you to make your own animal using empty cartons and boxes that you have at home. You could make a butterfly, dog, cat, fish, bird or any of the other wonderful animals that Allah has created. Decorate your animals and bring them in when you come back to school.

Have a look at the pictures below for some ideas.
