

Science Homework

Please go through all the slides and answer the questions in your homework book.

EXPLORE

This is my friend Timmy. He has lost his teddy and has looked in every room of the house apart from the attic.

QUESTION

Questions:

Answer the questions in your homework book.

1. Why could Timmy not see Teddy in the attic without the light?
2. What is light?
3. What is dark?
4. Can you think of a light source? A light source is something that gives out light. Example: The sun.
5. Investigation: How many light sources can you find inside your house?
