

Week 1 Science

L.O. I can read and memorise the key words for my science topic.

Target skill = reading and spelling

Solids, Liquids, and G^as

m f i k t f h e a t r r o w
e s r c m l o t w f f d i s
l b q o c s y l i q u i d s
t u q n n q n u e g z c o n
a c e d j h a r d w e e a x
l d v e h g q x a j k y c p
r w d n l u r w c t i m t i
a b f s k e v a p o r a t e
l x c a h w s t e g l f i b
h a p t n b a e d a h a g v
s o l i d s m r y s n z e n
j n r o u g h g b t v i a s
m b g n i k p d x j m k a y
e o z j s z c v h p a r t s

solids	hard	ice
liquids	rough	water
gas	melt	parts
condensation	evaporate	heat

Word search games can help your child's vocabulary development by introducing them to new words in a fun and engaging way. As they search for words hidden in the puzzle, they become familiar with spelling patterns and learn to recognize and remember new words. This improves their reading and language skills, expanding their vocabulary over time. (Research)
