

Year 1 Maths Homework

**Find and Make Number Bonds**

1. Match the related number bonds to find the odd one out.

A.

B.

C.

VF  
HW/Ed

2. Match the representations to a related number bond.

A.

B.

C.

$$14 + 3$$

$$15 + 1$$

$$12 + 6$$

$$2 + 7$$

VF  
HW/Ed

3. Emma says,

$$\begin{array}{|c|} \hline \bullet \\ \hline \end{array} + \begin{array}{|c|} \hline \bullet \bullet \\ \hline \end{array} = \begin{array}{|c|} \hline \bullet \bullet \\ \hline \end{array}$$

I know  $1 + 3 = 4$ . I think there is only 1 more way of representing 4.

Is she correct? Prove it.

RPS  
HW/Ed

## Find and Make Number Bonds

4. Match the related number bonds to find the odd one out.

A.

B.

C.

VF  
HW/Ed

5. Match the representations to a related number bond.

A.

B.

C.

$$2 + 4$$

$$1 + 7$$

$$13 + 6$$

$$6 + 2$$

VF  
HW/Ed

6. Jack says,

I know  $11 + 4 = 15$ . I think there are 4 more ways of representing 15.

Is he correct? Prove it.
