How goats change lives

A poor African family receives a goat that will change their lives forever.

This Christmas, give a FARM FRIEND. Your gift will grow and grow.

When the goat gives milk, her milk feeds her kids and the family's children.

Excess milk is sold to buy books and medicine in cases of emergency goats can be sold too.

Some of the kids are born too small to eat the milk. One is returned to FARM Africa and then given to another poor family.

Christmas is for kids

This year's best Christmas gift!
